| ISSUE: **HIGHER EDUCATION**

Senator Young joined students and university officials at a ribbon cutting event for the brand new Blue Devil Fitness Center at SUNY Fredonia.

The gorgeous fitness center is 9,000 square feet and features a rock climbing wall, all new cardiovascular training machines, including treadmills and stationary bicycles, and many different types of weight lifting machines and equipment. In the short time it has been open,

it has already become a hub of campus activity and is a welcome addition to the school.

Pictured are Greg Precht (Director of Athletics), Virginia Horvath (SUNY Fredonia President), Erin Dorozynski (Student Association President), Senator Cathy Young and Assemblyman Andy Goodell.
