

NEW YORK STATE SENATOR

Martin Malavé Dilan

Bushwick Campus Farms & Greenhouse

MARTIN MALAVÉ DILAN April 26, 2013

Senator Dilan recently toured [Bushwick Campus Farms & Greenhouse](#) to take a closer look at the great work [EcoStation:NY](#) and Bushwick Campus Farms are doing in the community. The campus farm and greenhouse are working models of sustainable urban agriculture and serve as both an agricultural education facility and as a source of some of the locally-grown, organic produce sold at 5 markets throughout Bushwick. Thanks to Bushwick Campus Farms for the opportunity.
