

NEW YORK STATE SENATOR

Terry Gipson

Press Conference with Senator Schumer to discuss shared concerns about the sale of Central Hudson to Fortis

TERRY GIPSON July 24, 2013

I am concerned about the proposed sale of Central Hudson to a Canadian electric company. So is Senator Schumer. Today we met in Poughkeepsie and held a press conference to express those concerns. We will want to keep an eye on the regulatory agencies to make sure they look after the people here in the Hudson Valley.
