

NEW YORK STATE SENATOR

Joseph E. Robach

Port of Rochester Marina Press Conference

JOSEPH E. ROBACH August 7, 2013

| ISSUE: **ECONOMIC DEVELOPMENT**

This morning, I joined Mayor Tom Richards and members of the Rochester Building and Construction Trades Council at the Port of Rochester to announce that the City is now seeking a firm to begin construction on the exciting Marina project. This project will create 2,500 construction jobs and 300 permanent jobs, and will be a catalyst for future development.

As a native of Charlotte, this project is near and dear to my heart, and is something our community can look forward to. This is a great day for the City of Rochester and Charlotte.
