Electronics Recycling Event

JOSEPH E. ROBACH January 6, 2014

Image not found or type unknown

I'm pleased to say we had another successful electronics recycling event at the Monroe County Ecopark over the weekend. Over 700 cars came through to drop off their old TVs, VCRs, computers, laptops and other unused electronics to be properly disposed of. Thanks to Time Warner Cable, Sunnking Electronics, Waste Management and Monroe County for partnering with me on this great event. And thanks to Boy Scout Troop 94 from the Town of

Gates for all their help throughout the day.

If you were unable to make it, you can log on to www.monroecounty.gov/ecopark or www.sunnking.com to see upcoming collection dates.
