Applications are being accepted to the Empire State Fellow program, which attracts talented people from New York and around the country to serve in high-level positions in the administration. Candidates selected as Empire Fellows will be appointed to positions in the Executive Branch that match their skills and experience, and will work closely with senior administration officials to create policy solutions to the complex challenges confronting our

state. Empire Fellows will also engage in educational and professional development programming that prepares them to serve as effective and ethical government leaders.

To apply to be an Empire State Fellow, candidates must email a cover letter, resume, personal statement, and two letters of recommendation to fellows@exec.ny.gov by Friday, April 4, 2014. For more information on the program and the application process, visit the [Empire State Fellows website](#).
