Senator Farley Discusses Emergency Preparedness

HUGH T. FARLEY March 6, 2014

Senator Farley addresses the Citizen Preparedness Training Program in Schenectady on March 1st. Several years ago, the American Red Cross conducted a presentation at the State Capitol called "Preparing for the Unexpected," and they asked state legislators to help spread the word about how important it is for families to take certain basic steps to prepare themselves for any type of emergency. Out of that original presentation, Senator Farley created a brochure that offered some basic safety tips and checklists.
