Senator Bonacic attended a ceremony at the O'Connor Hospital in Delhi on May 21, 2014 to dedicate the new atrium entrance which is named in his honor. "It was a wonderful event," said Pete Hamilton, Chairman of the O'Connor Hospital's Board of Trustees (not pictured). "We are so appreciative of the support from Senator Bonacic over the years, and we believe this was the appropriate way to honor him. Our sincerest thanks to Senator Bonacic, Dr. William Streck, who is retiring, and the community at large for helping to achieve this great success." Pictured with the Senator is Dan Ayres, CEO of O'Connor Hospital.
