

NEW YORK STATE SENATOR

John A. DeFrancisco

Senator DeFrancisco Sponsors Second Annual Electronics Recycling Event

JOHN A. DEFANCISCO June 16, 2014

On June 14, 2014, Senator John A. DeFrancisco sponsored his second annual electronics recycling event, which was free to the public. Hundreds of residents dropped off their old televisions, computers and various other electronics during the event held at Time Warner Cable on Fair Lakes Road in East Syracuse. Senator DeFrancisco is pictured with Alice Kim from TWC.

Proceeds from the recycling of these items will benefit a local organization that was formed by a group of caring children to purchase flags and flowers for Veterans Park in East Syracuse. The event was made possible by community partners: Time Warner Cable, Bruin

Recycling, and Flags and Flowers for the Veterans.
