

NEW YORK STATE SENATOR

Andrea Stewart-Cousins

White Plains Public Library Visit

ANDREA STEWART-COUSINS October 19, 2014

| ISSUE: **COMMUNITY REINVESTMENT**

(White Plains - October 17th) Senator Stewart-Cousins had a great visit to the White Plains Public Library with Assembly Member David Buchwald, Librarian Brian Kenney and Foundation Executive Director Libby Hollahan who showed them the improvements. The most fascinating part to the Senator was to see a 3D printer in action, and a drum set available for use - a real creative outlet far beyond the books and computers we've come to know at our libraries. This was a result of the \$67,469 the Legislature approved.
