Restore M104 Bus Service across Manhattan

[BRAD HOYLMAN](#) November 30, 2014

Last month, I wrote to MTA New York City Transit (NYCT) President Carmen Bianco about restoration of M104 bus service across 42nd Street from Times Square to First Avenue, which previously allowed Upper West Side residents to travel to the East Side without transferring before the 2010 budget cuts. I also requested that NYCT reverse recent service reductions that have led to overcrowded and late buses.
