State Senator John A. DeFrancisco is pictured at the podium during a ceremony, in which he presented the Howlett Hill Fire Department with a Senate Citation to recognize the department for receiving the Insurance Services Office (ISO) Class 2 Rating. The ISO reaches its award classification based on a detailed review of multiple facets that include administrative operations, training programs, handling of fire alarms, water supply throughout the district, and appropriate use of rescue versus fire apparatus.

The Howlett Hill Fire Department held a ceremony on February 8, 2015, to celebrate the achievement.
