# Eliminating the GEA

JOSEPH E. ROBACH   February 11, 2015

ISSUE: **EDUCATION, BUDGET**

I joined my colleagues in the Senate Republican Majority yesterday to call to end the GEA, which has hurt our local schools since it implemented a few years ago. By eliminating the GEA, we can restore critical funding to our schools and ensure that every student receives an outstanding education. I am proud to continue to fight for Upstate equality in school funding, especially for Rochester and Monroe County.
