

NEW YORK STATE SENATOR

David J. Valesky

## Senate Passes One-House Budget Resolution

DAVID J. VALESKY March 26, 2015

The Senate passed its one-house budget resolution this week, with my support. This resolution delivers for hardworking middle class families in Central New York and throughout the State while holding the line on spending. It provides additional funding for school districts, invests in upstate transit to prevent Centro service cuts, and provides property tax relief for homeowners. I look forward to working with my colleagues to continue the process with the goal of enacting an on-time, responsible budget.
