| ISSUE: **EDUCATION**

I was excited to help welcome students, parents and staff to the start of summer school at the NEAD Freedom School in the City of Rochester. In its 11th year, Freedom School is a great place that makes learning fun and interactive, and provides the students with a welcoming environment to continue their learning throughout the summer. Many thanks to George Moses, Wallace Smith and all the dedicated people at Freedom School for all that they do for youth in our community!
