New York State Senator Michael Venditto, (R, C, I- Massapequa) held a free rabies vaccination program at Cedar Creek Park in Seaford partnering with Helping Paw and Pet Peeves. Over 70 free rabies vaccinations were administered.

"Like many of us, I consider pets an extension of our families. Their health and safety, and the wellness of animals across Long Island, are a high priority for me and I'm glad we could help out over 70 pets and their owners," said Senator Venditto.
