

NEW YORK STATE SENATOR

Michael H. Ranzenhofer

New STEM Building at ECC North Campus

MICHAEL H. RANZENHOFER October 20, 2015

| ISSUE: **HIGHER EDUCATION**

Amherst, NY - Erie Community College (ECC) recently unveiled plans for a new \$30 million state-of-the-art facility to host many of the College's science, technology, engineering and math (STEM) programs at the North Campus in the Town of Amherst.

The STEM building has been in the planning stages for more than five years. ECC will break ground on the building in the spring of 2016, with plans for completion by fall of 2017.

Senator Ranzenhofer secured \$15 million in State funding for the project in 2012 as part of the Community College Capital Program.
