(**Middletown, NY**)- Yesterday, Senator John J. Bonacic (R/C/I-Mt. Hope) attended the Albert Wisner Public Library's dedication of "Valley Voices: Celebrating our Communities", a historical mural, featuring 58 hand sculpted tiles, book spines, name tiles, and quotation tiles celebrating the unique history of the Warwick Valley. The ceremony was held as a way to celebrate the community and history of Warwick, and also to thank the donors who contributed to the beautiful mural. The sculpture, which is on prominent display at the

library, was created by Marian Grebow, and took 6 years to complete.
