(Middletown, NY)-Earlier this week, Senator John J. Bonacic (R/C/I-Mt. Hope) visited the Ellenville Public Library and met with Library Director Pam Stocking, and Outreach Librarian Asha Golliher. During the visit, Senator Bonacic received a tour of the Library Museum's Gallery Link, a historical photo exhibit showcasing some of the history of Ellenville. The Gallery connects the Library to the Terwilliger House, which is the home to

the Library's museum. The library, which serves over 20,000 patrons a year, continues to serve as the informational and cultural center of the Ellenville community, and the Gallery Link and Museum are evidence of that continued commitment.

Pictured with Senator Bonacic in the Gallery Link are, (L-R) Pam Stocking, Library Director, and Asha Golliher, Outreach Librarian.
