

NEW YORK STATE SENATOR

Michael F. Nozzolio

Statement from Senator Mike Nozzolio

MICHAEL F. NOZZOLIO March 7, 2016

It is with tremendous sadness that I learned Cornell President Elizabeth Garrett passed away last evening after battling colon cancer.

President Garrett was an outstanding leader. I was honored to have known and worked closely with Elizabeth during her eight month tenure. Together we worked on numerous Cornell initiatives, and I am grateful for her many discussions and guidance throughout those endeavors. Elizabeth's impact on Cornell University, while too brief, was significant.

President Garrett was a staunch advocate and loved Cornell University. She will be missed. My thoughts and prayers are with Elizabeth's family, friends and the entire Cornell community at this time.
