RecruitNY Weekend: April 23 & April 24

Have you ever thought about serving your community as a volunteer firefighter? If so, then you'll definitely want to visit a participating local fire company during "RecruitNY Weekend" this coming Saturday, April 23, and Sunday, April 24.

Sponsored by the Firemen's Association of the State of New York (FASNY), RecruitNY Weekend is a recruitment and retention initiative that highlights the need and benefits of becoming a volunteer firefighter. During RecruitNY Weekend, volunteer departments across the State open their doors and invite the community in. As part of RecruitNY, open houses will provide information about the membership process, available free training programs, responsibilities and what a typical day-in-the-life of a volunteer firefighter involves. Individuals will also learn about some of the benefits they can receive from volunteering, like tax breaks offered by the state and some local communities.

I secured \$250,000 as part of the 2016-17 State Budget to support the recruitment and retention of local volunteer firefighters to help promote public safety and protect local communities. You can watch a video of the press conference I recently held with FASNY announcing this funding and also the kick-off to RecruitNY Weekend by clicking [here](#).

My office reached out to all fire companies across the 43rd Senate District and offered to share information on their RecruitNY events for this coming weekend. The following are some of the many local RecruitNY Weekend events being held:

Stephentown Volunteer Fire Department

The Department will hold a recruiting day and open house on Saturday, April 23, from 10 a.m. to 3 p.m., at their fire station on Route 43. Stephentown residents of all ages are needed: looking for junior members from age 16-17. Students joining can lead to a career in the emergency services or many related fields. Retired residents make excellent ambulance drivers and mentors. They have no retirement age. Volunteers are the first responders to all manner of local emergencies. In addition to firefighters, emergency medical technicians, and fire police, the Department needs personnel for administrative work, fire prevention programs, integrating social and technical programs to form a cohesive force on the emergency ground. The Department will have refreshments and a cookout. Stop by, talk to members and see how you can fit in. The personal rewards are immense, volunteering keeps taxes low and the system endures if YOU volunteer.
