Western New York residents will have an opportunity to recycle their old electronics—televisions, computers and more—during a free drop-off event sponsored by State Senator Michael H. Ranzenhofer.

Senator Ranzenhofer's E-Recycling Event is scheduled for Saturday, May 21st from 9 a.m. to 2 p.m. at the Eastern Hills Mall, 4545 Transit Road.

“I encourage residents to recycle all of their old electronics collecting dust in the basement and garage. A lot of electronics go to a landfill each year, and properly disposing these items makes a positive impact on the environment. Together, we can do our part to keep our landfills free of hazardous e-waste,” said Ranzenhofer.

The event is in conjunction with Sunnking Electronics Recycling and Time Warner Cable.

“We are delighted to participate in this great event,” said Mark Fitchett, Time Warner Cable AVP of Operations for Western NY. “Together with the help of our community partners, we’re making an impact on the environment by keeping a significant amount of e-waste out of our landfills and giving residents a safe and convenient way to get rid of their old electronics.”

The following items will be accepted to recycle:
