Summer in Central and Northern New York—it's a time for getting outside, enjoying the warm weather, and of course, visiting our local farmers market to take advantage of all the fresh, local flavors of the season.

Throughout Jefferson, St. Lawrence and Oswego Counties, there are dozens of markets that offer everything from direct from the farm fruits and vegetables, to locally produced food and handmade wares. To help make it easy for people throughout our region to find a

market near them, I've once again released my annual "Farmers Market Guide." Available

here, and by calling (315) 782-3418, this guide lists the locations, days of the week and times

that markets are open in our region.

As Chair of the Senate Agriculture Committee, making it easier for consumers to access

fresh, local foods is a top priority for me. That's why I once again this year successfully

advocated for funding of the Senior Farmers Market Nutrition Program. This special

initiative provides \$20 vouchers to low-income seniors that can be used at most farmers

markets throughout our region. Once again this year, I was able to expand the program so

that 2,700 seniors from our area will qualify. Income limits for receiving the coupons are:

Household of one: \$1,832

Household of two: \$2,470

Household of three: \$3,108

For more information on how to receive coupons, please contact your local Office for the

Aging. They can be reached at:

Jefferson County: (315) 785-3191

Oswego County: (315) 349-3484

St. Lawrence County: (315) 386-4730

I hope this summer, you will take the time to visit your favorite market, or even check out a

new one. Not only are they a great way to taste fresh fruits and vegetables grown right here

in Central and Northern New York, they are also a way to support our hardworking farmers.
