

NEW YORK STATE SENATOR

Patty Ritchie

A Big Win for the Bucs: Community Thanks Ritchie for Funding to Save Sports Programs

PATTY RITCHIE July 1, 2016

Students, parents and educators from the Oswego City School District are saying “thanks” to State Senator Patty Ritchie for her help in securing \$150,000 in funding to help restore sports programs in the school district.

This week, the Oswego Bucs Boosters sent Senator Ritchie a special photo, that included community members holding signs of thanks for her.

Senator Ritchie's support for the district's sports programs builds on her past efforts to create a brighter future for families in Central New York. Since 2011, she has helped to improve learning opportunities in the region by delivering \$987,000 in funding to schools and libraries throughout Oswego County.
