

NEW YORK STATE SENATOR

Michael H. Ranzenhofer

Statement on ESD STAMP Approvals

SENATOR MICHAEL H. RANZENHOFER August 22, 2016

| ISSUE: **ECONOMIC DEVELOPMENT, JOBS**

Empire State Development has approved \$46 million in state funding for the WNY STAMP Project.

Senator Michael H. Ranzenhofer has issued the following statement:

“I laud the Genesee County Economic Development Center and Empire State Development for their most recent actions to bring the WNY STAMP Project to fruition. The unanimous approval of \$46 million in state funding paves the way for construction to begin in the fall. In 2015, I spearheaded the effort to secure \$33 million for the project, and I am pleased that it will soon reach its final destination, the largest economic development project ever in Genesee County. The project is a game changer for our region. Now, we are one step closer to creating at least 600 new, full-time jobs for residents of Genesee County.”
