

NEW YORK STATE SENATOR

Joseph P. Addabbo Jr.

## Addabbo to Host Annual Fall Recycling Fair

JOSEPH P. ADDABBO JR. September 9, 2016

Howard Beach, NY (September 9, 2016) Senator Joseph P. Addabbo, Jr., a member of the New York State Senate Environmental Conservation Committee, is pleased to announce he will host his annual Fall Recycling Event later this month, in partnership once again with Assemblyman Mike Miller.

From 10 a.m. to 2 p.m. on Sunday, September 25, crews will be on hand at the Forest Park Bandshell to accept items – including electronics, paper, clothing and various household items – to be safely and properly recycled. Addabbo cosponsors this event each year as a way to not only encourage more residents to recycle as much as possible, but to create an easier and more convenient way to do so by making it possible to responsibly discard many different items all in one central location.

“There are so many things that people may not know can be recycled, or things that don’t get recycled simply because it’s a hassle to do so,” said Addabbo. “This eliminates those hurdles and provides our constituents with a stress-free way to take care of all their recycling needs. In years past, this annual fair has proved to be one of the most popular events I’ve ever held, and I am confident that will continue into this year and for many to come. I thank our vendors for their support and participation year after year, as well as Assmeblyman Miller for his partnership and the Department of Parks and Recreation for their cooperation as we hold this great community event.”

The recycling fair will host a paper shredder that will allow documents to be safely and securely recycled on site while residents watch to ensure confidentiality. Electronics recycling will accept items including computers, monitors, cell phones, fax machines, televisions, PDAs, printers, batteries, cameras, power strips, wires, chargers, cable boxes, fans, telephones and VCR tapes.

Household items will also be accepted, including clothing, coats, bedding, paired shoes, dishes, silverware, lamps and curtains. All donated items must be clean and dry. Air conditioners, paint, tires, medical waste and cardboard will not be accepted.

For more information or questions about what items can be recycled, please contact Senator Addabbo's Howard Beach Office at 718-738-1111.
