## Heading into Fall

DANIEL L. SQUADRON September 22, 2016

| ISSUE: **FALL UPDATE, NEWSLETTER, COMMUNITY NEWS, EMAIL BLAST, UPDATES**

Dear Friend,

I hope you enjoyed your Summer and are doing well as Fall begins. My thoughts are with those injured in this past weekend's attack in Chelsea, and I thank our first responders and emergency personnel for their ongoing work.

I wanted to share a few issues I've been working on in the community. If you're looking for more updates, please follow me on [Twitter](#) and [Facebook](#).

- Small businesses are a path to opportunity and cornerstones in our communities. [My bill to support small businesses is now law](#), so the state does more to help.
- I was honored to receive an Our Town Thanks You award from Our Town Downtown, which [covered some of the work we're doing together in Lower Manhattan](#).
- I [spoke to Consequence of Sound for their documentary](#) on our broken ticket reselling laws, which I've long pushed to fix.
- Every year, I circulate Parent and Senior Resource Guides with great resources available in the district. See my [Parent Guide](#), [Senior Guide](#), or contact my office for a copy.
- Brooklyn Bridge Park's pop-up pool made a splash in our community -- that's why I organized to [keep it open](#), along with community members and colleagues, including a [report detailing its importance to our community](#). Sign the petition [online](#).
- I'm continuing my efforts to [ensure public access to police body camera footage](#) because police body cameras have the potential to protect everyone involved -- officer and civilian alike -- if their promise of added transparency is realized.
- I [submitted testimony](#) on the progress, and challenges, still facing public housing (NYCHA), and the potential for improvements.

And remember, you can always contact my office at [212-298-5565](tel:212-298-5565), [718-875-1517](tel:718-875-1517), or [squadron@nysenate.gov](mailto:squadron@nysenate.gov).

Best,

Daniel
