Ranzenhofer Secures \$100,000 for South Byron Volunteer Fire Company

SENATOR MICHAEL H. RANZENHOFER | October 11, 2016

| ISSUE: **VOLUNTEER FIREFIGHTERS, FIRE DEPARTMENTS**

State Senator Michael H. Ranzenhofer has announced \$100,000 in state funding to offset a part of the total cost of a new fire truck for the South Byron Volunteer Fire Company.

“The South Byron Volunteer Fire Company plays a vital role in our community, and I am committed to securing the necessary resources so that our volunteer firefighters are able to get the job done,” said Ranzenhofer. “Today’s announced state investment will help to

preserve the life-saving services our firefighters provide to residents.”

The new fire truck will replace a 20-year-old 1996 Front Line Engine. The average lifespan of a fire engine is twenty years.

“As a small fire company, we have a small budget with limited resources. Without this state funding, we would have been unable to cover the total cost of a new fire truck. We are so grateful that Senator Ranzenhofer is helping us to reach our goal,” said South Byron Volunteer Fire Company President Dean L. Bates.
