

NEW YORK STATE SENATOR

Michael H. Ranzenhofer

Statement on Executive Budget Tax & Fee Increases

MICHAEL H. RANZENHOFER January 23, 2017

| ISSUE: **TAXES AND FEES**

Albany, NY– State Senator Michael H. Ranzenhofer (R-C-I, Amherst) has issued the following statement:

“For the past six years, 78 different tax cuts have provided \$11.3 billion in savings for New Yorkers. Now, the Governor is attempting to reverse these efforts by proposing higher taxes and new fees, for a total of \$4.5 billion per year if fully implemented. With a second to last-place finish for overall business tax climate last year, our goal should be to reduce the tax burden for families, seniors, and small businesses. This tax-hike plan would move New York’s economy and cost of living in the wrong direction.”
