My pleasure to celebrate securing \$100,000 in State funding for P.S. 375 Jackie Robinson with students, parents, educators, and my colleagues Assemblyman Walter T. Mosley, Councilwoman Laurie Cumbo, and District Leader Geoffrey A. Davis. With this support, the school will be able to upgrade the auditorium to a community space for arts programs.

I look forward to the new learning opportunities for students and school-community partnerships made possible when the upgrades are complete!
