Educating the innovators of tomorrow!

JESSE HAMILTON   July 14, 2017

| ISSUE: **TECHNOLOGY**, **YOUTH**, **EDUCATION**, **ELEMENTARY & SECONDARY EDUCATION**, **INNOVATION**
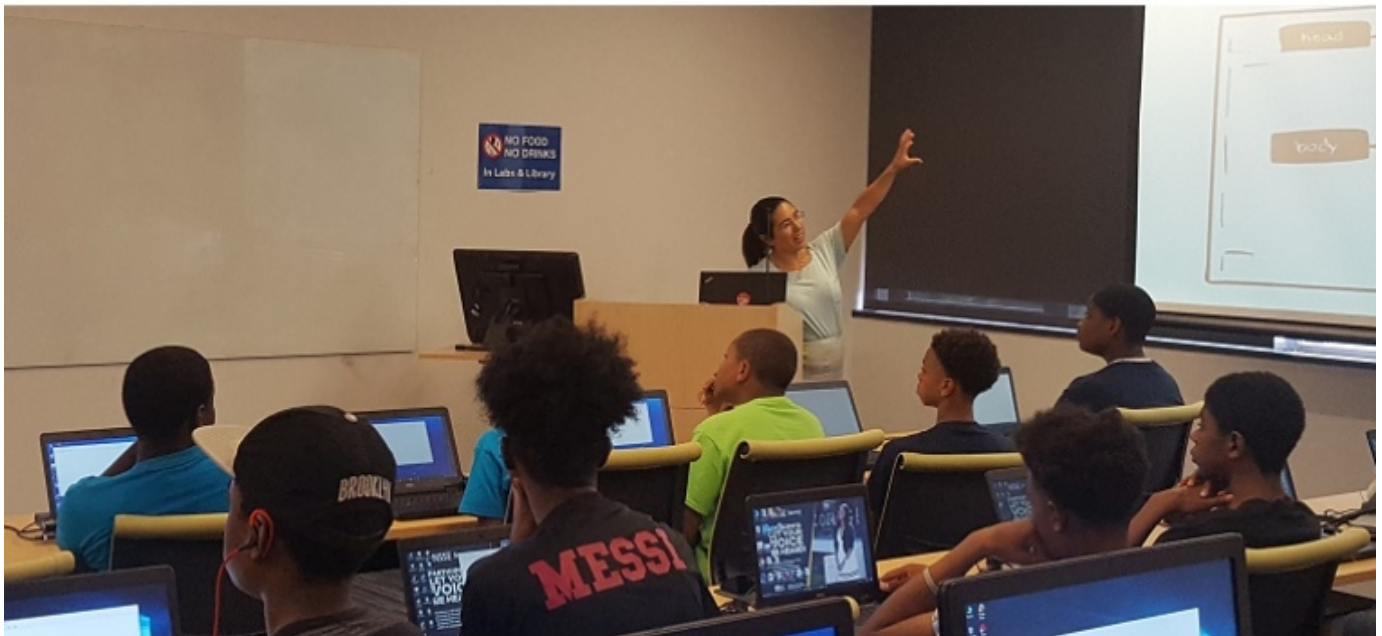

Delighted to partner in bringing a Tech Challenge to Medgar Evers College yesterday. This Tech Challenge @ MEC serves as a key part of ensuring that young people from all backgrounds have the opportunity to participate, excel, and fully develop their talents. Thanks to Carey Tan, the Executive Director at CodeEd, Dr. Shanna Van Ness of Medgar Evers College, and all our partners for making this Tech Challenge @ MEC possible. Together, we are working proactively to make the sector reflect the incredible diversity of our communities and promote digital democracy.
