Great Health Empowerment Celebration in Sunset Park this past Saturday! I really appreciated the opportunity to join in promoting healthy Brooklyn communities and supporting a positive, public health message spearheaded by the Academy of Medical and Public Health Services. Thanks to everyone who was able to attend.

Special thanks to the Academy of Medical and Public Health Services, and thanks to all the partners making the event possible including Assembly Assistant Speaker Felix W. Ortiz, Council Member Carlos Menchaca, NYC Parks, and Mayor's Office to Prevent Gun Violence,

Mayor's Office of Immigrant Affairs, , Chinese-American Planning Council, Affinity Health Plan, EmblemHealth, First American International Bank, Dr. John Hon, MetroPlus, United Healthcare, Western Union, and Xincon
