| ISSUE: GUN SAFETY

focused on your hands. If you meet an officer, keep your hands out, open, above your head, and most importantly, **EMPTY**

- **DO NOT CARRY ANY PACKAGES OR ITEMS THAT COULD BE CONFUSED AS A WEAPON OR DEVICE**
- Do not attempt to run towards or grab onto officers
- Resist the urge to turn suddenly or make any sudden movements
- Understand that the officer's primary mission is to neutralize the shooter. Therefore, even if you are injured, officers may initially pass you by in order to contain the threat. They will return.
- Once evacuated, be prepared to be detained for further questioning.
- Recognize that depending upon the scene, threat, and size of the facility, it may take several hours for the officers to clear the area and find you. Until contact is made, remain calm, quiet, and alert

The key to success is for information to flow in two directions. Private sector personnel serve as the eyes and ears of the Department and are a force multiplier in the fight against terrorism by reporting suspicious behavior as soon as possible.

In addition, we recognize that our private sector partners are uniquely qualified to assist NYPD personnel during counterterrorism deployments. Your personnel know your buildings, blocks, and neighborhoods from a different perspective. You know what belongs and what is out of place. We urge you and your staff to speak with the police officers you see on the street, particularly those assigned to posts in the vicinity of sensitive and critical locations. Sharing your perspective can help us be more effective. If you have information to pass to the NYPD, but cannot do so in person, please use our 24-hour hotline.
