| ISSUE: **COMBATING HEROIN AND OPIOID ADDICTION, HEROIN AND OPIOID EPIDEMIC, ADDICTION**

The heroin and opioid epidemic is ripping families and neighborhoods apart, and is claiming innocent lives every day. Thanks to the new 24/7 Open Access Center, those dealing with these addictions will be able to get the treatment services they need to get clean and kick their addiction. This facility will prove to be an important tool in our fight against this terrible epidemic. Thanks to everyone involved for their efforts!
