Resources and Advocacy for Your Community - Winter 2017

LIZ KRUEGER November 27, 2017

This newsletter focuses on providing a range of ways for you to engage your government, whether to access benefits, advocate for change in your local community, or become involved in organizations pushing for policy changes at the city or state level. My office finds many of these resources useful in helping constituents with problems, building coalitions to fight for change, and getting information about community issues.

The newsletter can be downloaded as a PDF file [here](#), and is viewable below.
