SENATOR ROB ORTT WORKING FOR A MORE AFFORDABLE NEW YORK

Dear Neighbor,

Since the early 2000s, families, retirees and young professionals have left our state in record numbers. They leave in search of better opportunities and a more affordable life.

This has to change.

That is why I am working with my colleagues in the Senate to make New York State a more affordable place to live, work, raise a family and retire. Our "Blueprint for a Stronger New York" would:

- Cut and Cap Property Taxes;
- Reduce Energy Costs;
- Lower Income Taxes; and
- Enact Reforms to Control Spending and Stop Tax Increases.

By laying out an aggressive pro-taxpayer agenda in this year's Budget, I hope the Governor and Assembly will see how important it is we keep hold of the hard-working residents of this state and reverse this trend of out-migration.

Respectfully yours,
Rob Ortt
