

NEW YORK STATE SENATOR

Fred Akshar

Sen. Fred Akshar Releases Results of 2018 Community Voice Survey

FRED AKSHAR April 9, 2018

| ISSUE: **COMMUNITY VOICE SURVEY**

SENATOR FRED AKSHAR'S *Community Voice Survey Results*

Senator Fred Akshar this week released the results of his 2018 Community Voice Survey on issues facing constituents across the 52nd Senate District.

"I want to thank the 8,800+ community members from across the 52nd Senate District for responding to our latest Community Voice Survey," said Senator Fred Akshar. "The only way to properly represent the people in Broome, Tioga, Chenango and Delaware counties is for

me to actively engage and listen to them throughout the year.”

Earlier this year, Akshar distributed his third Community Voice Survey since taking office throughout his district. Responses were collected via mail and his website, Akshar.NYSenate.Gov. Over 8,800 digital and physical responses were received from local constituents weighing in on issues ranging from the proposed \$1 billion in tax increases included in the Governor's Budget proposal, to allowing supervised heroin injection sites in New York, to various voting reforms, to legalizing recreational marijuana in New York.

“Between the almost 30 town hall events we've held across the 52nd Senate District and the three yearly Community Voice Surveys we've released since being elected, we've done our best to stay actively engaged with the people I represent,” said Akshar. “Listening to constituents on a variety of issues helps inform my legislative decisions and priorities if and when those issues come before me Albany. I sincerely value their input.”

Text Results Below:

Do you support the Governor’s proposal to help close the \$4.4 billion gap in the state budget by introducing \$1 billion in new taxes and fees?

No - 75%

Don't Know/No Opinion - 14%
