

## 2017-J4558

Senate Resolution No. 4558

BY: Senator HANNON

MEMORIALIZING Governor Andrew M. Cuomo to proclaim November 2018, as Diabetes Awareness Month in the State of New York

WHEREAS, It is the sense of this Legislative Body to memorialize Governor Andrew M. Cuomo to proclaim November 2018, as Diabetes Awareness Month in the State of New York, in conjunction with the observance of National Diabetes Awareness Month; and

WHEREAS, Diabetes, the seventh leading cause of death in the United States, is a chronic disease in which blood sugar levels are above normal; and

WHEREAS, Diabetes affects approximately 29.1 million Americans in the United States and 1.7 million New Yorkers; the percent of New York State adults with diabetes increased from 6.3% in 2000 to 10.5% in 2016; and

WHEREAS, There are three main types of diabetes: type 1, which occurs when one's body cannot make insulin (occurs in 5% of people with diabetes), type 2, which occurs when one's body does not use insulin well and is unable to keep blood sugar at normal levels (occurs in 90% of people with diabetes), and gestational diabetes, which occurs in some pregnant women and can lead to type 2 diabetes in the future; and

WHEREAS, Before most people develop diabetes, they generally experience a stage of prediabetes, which occurs when one's blood sugar levels are higher than normal but not high enough to be diagnosed as diabetes; people with prediabetes are at increased risk for developing type 2 diabetes, heart disease and stroke; prediabetes affects 4.5 million New Yorkers, 86 million people in the United States, and 15-30% of people with prediabetes will develop type 2 diabetes within five years; and

WHEREAS, People can prevent or delay type 2 diabetes by making healthier life and food choices, losing small amounts of weight, and being more physically active; and

WHEREAS, According to the New York State Department of Health, diabetes reached epidemic proportions in New York State with an overall annual cost of diabetes, attributable to both direct medical costs and lost productivity, of \$12 billion for all payers; and

WHEREAS, The American Heart Association considers diabetes to be one of the seven major controllable risk factors for cardiovascular disease; CDC Medicare data, compiled from 2012-2016, states that the total amount paid for Cardiovascular Disease was \$7.8 billion for 21,162 New York beneficiaries; and

WHEREAS, The goal is for Diabetes Awareness Month to increase the amount of education and attentiveness dedicated to diabetes in New York State, to improve the overall health outcomes of New Yorkers and to

relieve the financial burden associated with the disease; now, therefore, be it

RESOLVED, That this Legislative Body pause in its deliberations to

memorialize Governor Andrew M. Cuomo to proclaim November 2018 as  
Diabetes Awareness Month in the State of New York; and be it further

RESOLVED, That a copy of this Resolution, suitably engrossed, be  
transmitted to The Honorable Andrew M. Cuomo, Governor of the State of  
New York.
