Statement From Sen. Carlucci on Rockland County Lawmakers Voting Down Resolution

SENATOR DAVID CARLUCCI June 13, 2018

| ISSUE: **EDUCATION**

"It's disappointing this resolution in support of my bill did not pass because we need to protect our children's right to a quality education. This legislation offers several ways to enforce substantially equivalent standards, which has never been done. We will not stop on the state level until this bill is passed."
