GrowNYC: A Clean & Healthy Environment for Future Generations

JESSE HAMILTON July 18, 2018

| ISSUE: **COMPOSTING, ENVIRONMENT, WASTE MANAGEMENT**

The GrowNYC food scrap drop off location in Prospect Heights collects more than any drop off in New York City. Residents have a chance turn unused food into compost every Wednesday, 8:00 AM to 10:00 AM, on either Park Place and Carlton, or on Franklin Avenue and Eastern Parkway. If you have a chance, come by and see how easy it is.

Thanks to the staff and volunteers of GrowNYC!
