

NEW YORK STATE SENATOR

David Carlucci

Senator Carlucci to Hold Hearing on Suicide Prevention

SENATOR DAVID CARLUCCI June 3, 2019

| ISSUE: **SUICIDE PREVENTION**

(Albany, NY) – Chair of the Mental Health & Developmental Disabilities Committee, Senator David Carlucci (D-Rockland/Westchester) will be holding a New York State Senate hearing on suicide prevention tomorrow (6/5).

According to the New York State Health Department, suicides are the second leading cause of death due to injuries among all age groups in New York State. In 2014, suicide was currently the third leading cause of death for youth between 10 and 14 years of age in New York, and new research by the National Institute of Mental Health has shown that the

suicide rate is roughly two times higher for black children ages 5-12 as compared with white children of the same age.

The hearing will look to determine and develop suicide prevention efforts in all communities and address best practices to help combat this public health problem across the state. There will also be specific emphasis on youth suicide and early intervention.
