

NEW YORK STATE SENATOR

Pamela Helming

A Statement from Senator Pam Helming On Lake Ontario Flood Recovery Funding

SENATOR PAM HELMING June 21, 2019

| ISSUE: LAKE ONTARIO, LAKE ONTARIO FLOODING

“Last night we successfully fought for \$485 million in funding that can be used for Lake Ontario flood recovery. This is an important step forward. As State Senator, I will continue to lead the fight on behalf of our shoreline homeowners and small businesses. It is important that every level of government work together to address this crisis. Our local municipalities have already started working with the state to identify projects and develop a plan to move forward.”
