PRESS RELEASE

'Skoufis On Your Street' Coming to the 39th Senate District

Senator James Skoufis (D-Hudson Valley) announced that he will be starting his "Skoufis on Your Street" summer tour. The tour is a series of meet and greets that will be hosted around the district in locally owned small businesses to give residents an opportunity to speak with

Skoufis in their own neighborhood.

“The most important part of my job is listening to the concerns of the people I represent and these events make it easier for our residents to share their thoughts on the issues that matter to them most,” **said Senator Skoufis**. “Bringing my office to my constituents is part of my continued effort to be as accessible a representative as possible because local residents deserve nothing less.”
