

ChildUSA's Survivor Tool Kit

BRAD HOYLMAN-SIGAL August 14, 2019

I am sharing this essential toolkit from Child USA for all survivors who are considering legal action under the Child Victims' Act.

If you are considering filing under a window or revival law please consider the following:

- 1. Know that you are not alone
- 2. See a therapist before consulting a lawyer, and continue seeing that therapist during the pendency of the lawsuit
- 3. Understand that the legal system is a lot of "hurry up and wait" It is normal to be asked to produce information quickly, and then not hear from your lawyer for a while
- 4. An attorney cannot be your attorney without your authorization
- 5. Your attorney works for YOU and cannot settle your case prior to your approval of the monetary amount
- 6. Don't assume that the court system understands your needs; some officials will have received trauma-informed training, some will not (see 1 & 2)
- 7. Understand that this can be a confusing time not only for you but everyone around you (see 2 and encourage loved ones to do the same)

- 8. You have been empowered to file a legal action, but it will take the whole culture to end child sex abuse
- 9. The settlement funds you receive are not blood money or dirty money, this is American justice. You deserve to be compensated for your harm.
- 10. Talk to a finance professional about how to protect your settlement
