Senator Flanagan Delivers \$1,000,000 For Completion of Selden Park Complex To Councilman LaValle

JOHN J. FLANAGAN August 21, 2019

| ISSUE: **TOWN OF BROOKHAVEN, YOUTH SPORTS, RECREATION**

Town of Brookhaven Councilman Kevin LaValle (3rd Council District) recently was at the **Selden Park Complex on Boyle Road** to accept a check for \$1,000,000 from Senator John Flanagan (2nd Senate District). The money will offset the cost of phase 3 at the park, which includes the construction of two baseball fields and a playground.

“I am thrilled to assist the Town of Brookhaven with its ongoing construction of Selden Park Complex. Councilman LaValle has spearheaded the development of critical park resources for the Selden community including ballfields, playgrounds and walkable nature trails for all

ages to enjoy. This state grant of \$1 million will help the Town pursue its goal of providing all Brookhaven residents with state-of-the-art recreational facilities and it is a pleasure to join them in this effort,” stated Senator Flanagan.

Councilman LaValle said, “I thank Senator Flanagan, who has always been helpful in my Council District, for coming through time after time to support the community. This park has been a real joint effort by the Town, State and the Suffolk County Legislature, with [Legislator Tom Muratore](#) leading the charge and when the work is complete, it will be one of the premier recreation facilities in all of Brookhaven Town. I thank everyone who had a hand in moving it along.”
