

NEW YORK STATE SENATOR

Velmanette Montgomery

Senator Montgomery Host First of State-wide Round Tables on the Needs of Youth Across New York State

VELMANETTE MONTGOMERY July 10, 2019

| ISSUE: **FOSTER CARE, YOUTH AGING OUT OF FOSTER CARE, FOSTER CARE SERVICES, CHILDREN AND FAMILIES**

Senator Montgomery at her capacity as Chair of the Children and Families Committee, teamed up with the Chair of the Social Services Committee Senator Persaud (D-Brooklyn) and Mental Health and Developmental Disabilities Committee Senator Carlucci to kick-off the start of a series of Round tables the Senators will host throughout the state to flush out the needs and lack of services for youth in their respective communities. The first

of the series was held in Manhattan and focused solely on the needs of foster care youth in the downstate area. The Senators were joined by Senator Diane Savino (D-Staten Island) and Assembly Chair of the Children and Families Committee Ellen Jaffee (D-Rockland).

Some of the issues that were expressed by various youth groups were the need for more family reunion programs. Many feel that Child Protective Services focuses too much resources on keeping children out of their respective homes apposed to creating corrective plans and other measures to deem the parent(s) fit for their child to return into their custody. Further adding to growing numbers of children going in and out of the system. Many have also noted the need for more "unsupervised" visits and even the abolishment of the term and replace it with a more appropriate "Family Time".

Another issue expressed by some of the advocates were the need for more financial literacy programs for youth leaving the foster care system, in order to better aide them in their transition to a more self sufficient lifestyle. As well as the need for NYC to re-invest in the Supervised Independent Living Program (SILP), which gave youth the opportunity to practice living on their own. The program was terminated in NYC back in December 2010.

Other Advocates tied the issues to the need to reform the State's Child Abuse Central Registry. A broken system where many feel that they are being mis-understood and that there is a very thin line between being poverty and what people might see as neglect.
