| ISSUE: **DEVELOPMENTAL DISABILITIES, EDUCATION, SPECIAL EDUCATION**

Holy Childhood has been a cornerstone in the Rochester community for over 70 years. Their compassionate service to people and families with intellectual and developmental disabilities has helped individuals become more independent. I was proud to secure a \$250,000 state grant to help Holy Childhood make upgrades to their school that will improve safety and security for their students, teachers and staff. The Greater Rochester area is fortunate to have so many great organizations, like Holy Childhood, that are dedicated to helping our most vulnerable citizens. Thanks for all that you do!
