Hudson Valley and Catskills, NY....The office of Senator Jen Metzger (SD-42) has assembled an [Information & Resource Guide](#) to provide her constituents with accurate, up-to-date information on the COVID-19 outbreak and actions being taken at state, federal, and local levels that are important for residents and businesses to know about. The guide, which is continuously updated, covers a range of topics, including prevention and closure updates, COVID-19 testing information, school meal availability, relief to homeowners and renters, and more.

“At a time when we face an unprecedented public health emergency, the safety and well-being of New Yorkers depends on getting timely, accurate information about what they can and should be doing, the actions government is taking, and the resources that are available to constituents to help them,” **said Senator Metzger.** “The facts on the ground are changing daily, and it can be hard to keep up. My office is seeking to make it easier by providing an accessible, easy-to-read, and regularly updated online resource.”
