

NEW YORK STATE SENATOR

David Carlucci

Senator David Carlucci on Richard Brodsky's Death

SENATOR DAVID CARLUCCI April 8, 2020

| ISSUE: **COVID-19; RICHARD BRODSKY**

q

Richard Brodsky's death is a profound and shocking loss for the Westchester community and the entire State of New York. He was someone, I deeply respected and admired for his conviction to always fight for the issues that would make our society a better place to live. He was a vocal advocate for organ donation and held government accountable. His voice in local and State politics will be missed. My heartfelt condolences are with his family and friends."
