Text "CARLUCCI" to 797979 to receive COVID-19 updates.

Dear Friends,

We have received many questions about [testing](#). I am making every effort to increase testing in Rockland and Westchester Counties. NYS is administering about 30,000 tests a day and will be ramping up this effort. The State Testing Centers have specific criteria for who can be tested so please see the ["Protocol For Testing"](#) for more information.

You can take an [online assessment](#) to see if you meet the testing criteria. All State locations require an appointment through the State Department of Health 24 hour hotline: [1-888-364-3065](tel:1-888-364-3065).

We now have new State testing center, which offers walk-in appointments in Haverstraw so Rockland residents who may not have a car can access testing. Haverstraw had some of the highest rates of infection in Rockland County. We additionally, have a State testing site at Harriman State Park's Anthony Wayne Recreation Area in Stony Point. I will continue to advocate for a [testing center in Spring Valley](#) where the infection rate is high.

In Westchester County, we now have State testing sites in New Rochelle, Yonkers, and Mount Vernon. Residents in Ossining can call the State 24-hour hotline: [1-888-364-3065](tel:1-888-364-3065) to inquire about an appointment at the New Rochelle drive through testing site at Glen Island Park. [County Executive Latimer's office is working with the State to begin](#) antibody testing for first responders and essential workers at the Westchester County Center in White Plains.

There are also providers in Rockland and Westchester working to bridge current testing gaps. My office has worked diligently to compile a list. Many of these providers do not require residency.

However, while providers are required under the law to provide testing for free, there could be [hidden fees, like a charge for an "office visit" or for a telehealth visit](#) so it is VERY important that you call ahead to find out their policy, verify they take your insurance, and discuss with your insurance if there are any co-pays. Private providers may have different criteria than the State for who they will test, and it's always best to consult your doctor. Additionally, in recent days there has been discussion about the [accuracy of anti-body testing](#), you can find more information here:

<https://www.cnn.com/2020/04/28/health/coronavirus-antibody-tests-terrible/index.html>.

If you are seeking an antibody test to give plasma, you can contact:

COVIDSerumTesting@mountsinai.org.

Rockland County

1) [Crystal Run Healthcare West Nyack](#)

Appointment is Required!

- Address: 2 Centerock Rd, West Nyack, NY 10994
- Phone: [845-643-3909](tel:845-643-3909)
- Type of Testing: Diagnostic (are you negative or positive)
- Should call ahead to confirm insurance coverage
- Allowing patients without insurance for a fee
- Offering a drive through testing center

2) [Medrite Urgent Care](#)

- Address: 175 NY-59, Spring Valley, NY 10977
- Phone: [845-271-6300](tel:845-271-6300)
- Should call ahead to confirm insurance coverage
- Recommended to call ahead
- Type of Testing: Antibody and Diagnostic
- Offering a drive through testing center
- You can [register online](#), if plan on going here

3) Community Medical & Dental Care

Appointment is Required!

- Address: 40 Robert Pitt Dr, Monsey, NY 10952
- Phone: 845-352-6800
- Type of testing: Antibody
- Must call ahead about insurance coverage
- Speaks Spanish

4) Rockland NY Medical Services PC/Yanina Kotlyar MD

Appointment is Required!

- Address: 20 Squadron Blvd, New City, NY 10956
- Phone: 845-634-8800
- Type of Testing: Diagnostic and Antibody
- Must call ahead about insurance coverage
- Provider says a diagnostic test is \$125 and an antibody test is \$150
